- **U.S. grants more than \$6.8 million to Israel each day!**
Imagine if Houston Got That!
- **The U.S. grants \$10,775.48 per each Israeli per year!**
Imagine if YOU Get That!

President Obama,

Our taxes fund the Israeli illegal occupation of the Palestinian indigenous land by force against international law, and basic human rights.

Furthermore, Israel has been using U.S tax money and U.S. supplied weapons to kill Palestinians, demolish their homes and confiscate their land.

Arms Export Control Act (P.L.80-829): Weapons are limited to “internal security” and “legitimate self-defense” only.

Foreign Assistance Act (P.L.97-195): “No assistance may be provided...to the government of any country which engages in a consistent pattern of gross violations of internationally recognized human rights.”

“Leahy Law” (Foreign Ops Appropriations Act): No aid to “any unit of the security forces of a foreign country if the Secretary of State has credible evidence that such unit has committed gross violations of human rights.”
